

Crestwood Christian Church
No Address Yet
Exists only in the hearts of people

January 13, 1959

Dear Friends:

We have decided to pitch our tents' with the fine group of volunteers forming the daughter congregation. This letter is to ask you to come along with us.

It has not been an easy decision for us. Perhaps it would be a hard one for you, too. There are dozens of good reasons for keeping membership with friends and established comforts. But we decided the courageous little band needs us more.

Again, one seldom has the opportunity to help build a new church or to be a pioneer in something; to help put something good together for the future to use.

Central has agreed to give 150 members to the new enterprise. Those of us who go now will be charter members. Sounds good? We think it will still sound good years from now and be good also.

These young enthusiasts have already formed a congregation, put committees to work, and have some money in a treasury. A good sized representation of the Volunteers were present at the Monday night meeting. In fact about 40. They have selected CRESTWOOD as a name and are hunting a minister.

Sunday, January 25 we are going to cast off. We would be mighty happy to have you come along, too.
